

Centenary College

Consider Centenary College

The Jewel of the South

FROM THE PRESIDENT'S PEN...

One of the things about Centenary of which I am most proud is our international reputation of excellence. In my travels, both locally and abroad, I often hear Centenary referred to as that little "jewel" in the South. Like a fine jewel, our campus is both small in size and of exquisite beauty. It is an institution filled with tradition, a sense of integrity and high expectations for our faculty and students.

For more than 170 years, Centenary College of Louisiana has created a community in which learning and life go hand-in-hand. Centenary offers a personalized approach to academics in a rich intellectual environment. You will find small classes with students challenged not just to listen, but to participate. Opportunities will be available for shared research with our world-renowned faculty. You will participate in education outside of the classroom

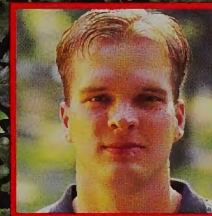

Dr. Kenneth Schwab
President

through our intercultural experiences, May Module programs and service learning opportunities throughout the world.

As a Centenary student, you will join in a tradition of educational excellence that has nurtured future doctors, business leaders, authors, teachers, attorneys, engineers, diplomats, theologians, musicians and more.

Your friendships at Centenary will last a lifetime. Our graduates tell

Paxton Ross '97

.....

us that their years here were among the most meaningful of their lives. Our faculty mentors inspired them and friendships they developed enriched them in immeasurable ways. You will find Centenary graduates in successful leadership roles in all walks of life, with a strong commitment to the values they confirmed during their days on the campus.

I want to personally offer you the chance to experience the same outstanding education and individual attention that has earned us a reputation as being one of the nation's best liberal arts colleges. After a visit to Centenary College you will understand why we have earned that name. Come and meet those who make Centenary a great place to live, study and work. Our campus family would love to meet you, and I am confident that your visit will be a rewarding one.

.....

Rich Traditions

Since its founding in 1825, Centenary College has cherished its heritage as a small, progressive liberal arts college. Our formula of close interaction between students and faculty, innovative academic programs and a dynamic community prepares our students for the 21st century.

We take pride in our outstanding reputation in higher education.

Our average acceptance rate for medical and dental school is 80% (as compared with national average of 30%), and 90%

of our graduates are accepted to

Rich Traditions

Since its founding in 1825, Centenary College has cherished its heritage as a small, progressive liberal arts college. Our formula of close interaction between students and faculty, innovative academic programs and a dynamic community prepares our students for the 21st century.

We take pride in our outstanding reputation in higher education.

Our average acceptance rate for medical and dental school is 80% (as compared with national average of 30%), and 90% of our graduates are accepted to

law school. Additionally, 98% of our graduates are employed within one month of graduation. Centenary's excellent academic program, our mixture of activities and social events, and the quality of those who make up the campus community combine to create an exceptional life experience for our students.

A Location for Learning

Centenary College's campus is located a few miles from downtown Shreveport, Louisiana, which offers our students an incredible array of opportunities for learning and entertainment. The natural beauty of our landscape and Georgian style architecture help to create the perfect atmosphere in which to live, learn and have fun. However, the unparalleled splendor of the Centenary campus is only part of what makes our location unique. Enjoy the arts, music and theatrical events or

national entertainment headliners. Intern at one of several regional medical

centers or a Fortune 500 company. Experience a night life that includes art festivals, concert tours, a symphony, opera

Susan Moore, '98
Intern, Shreveport Captains

Centenary's campus is in a great location within Shreveport. There is so much to do here—lakes, rivers and parks, professional sports teams, concerts—all right in our own backyard. Plus, we're so close to Dallas and New Orleans that attending a special event there is easy and fun.

The natural beauty of our landscape and Georgian style architecture help to create the perfect atmosphere in which to live, learn and have fun. However, the unparalleled splendor of the Centenary campus is only part of what makes our location unique. Enjoy the arts, music and theatrical events or

national entertainment headliners. Intern at one of several regional medical

centers or a Fortune 500 company. Experience a night life that includes art festivals, concert tours, a symphony, opera

and ballet company. Take a break with friends and enjoy some delicious Cajun cuisine from any number of fine restaurants, or explore the river-front area with its parks, boating and scenery. We offer a little “slice of life” for everyone!

Academics: Dynamic and Diverse

At Centenary, small class sizes allow instructors to mentor their students—to know them as individuals. The unique mix of personalized instruction (53% of courses have 10 students or less), superior facilities and equipment, and teachers who are scholars in their field combine to create a first-rate academic program. But a small student body doesn't translate into fewer opportunities. Barron's *Best Buys in College Education* notes "As part of its graduation requirements, Centenary 'thinks' big, expecting

that each of its students will complete both a community service project and participate in at least one experience of living and learning in another culture."

Whether you have a specific career path in mind or you are still exploring your options, Centenary has a number of diverse program offerings. When you

are ready to make a choice, these *major options* are available:

Faculty – Partners in Learning

Centenary professors will groom you to compete with the best, whether that means guiding you through original research projects, helping you design a professional career plan, or calling people to connect you with jobs and graduate schools. Our faculty are your guides as you navigate the path of academic and personal growth. They will encourage you, advise you, and challenge you while helping you fulfill your academic potential. In their classrooms, learning is anything but passive. You will participate completely in the educational experience. It is not uncommon for faculty members to host dinners and other special events for students at their homes or to enjoy meals

with students in the campus dining hall. There is a sense of family and community that exists here; faculty are revered as mentors and trusted as friends.

As professionals, Centenary faculty are scholars in their fields, having

with students in the campus dining hall. There is a sense of family and community that exists here; faculty are revered as mentors and trusted as friends.

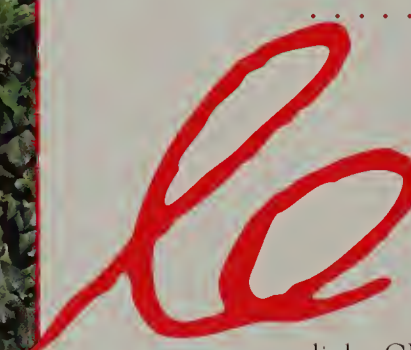

As professionals, Centenary faculty are scholars in their fields, having

received degrees from such prestigious institutions as Harvard, Yale, Dartmouth, Duke, Vanderbilt, Columbia, Johns Hopkins, Virginia and Emory. Over 92% hold the highest degree in their respective fields. They are a diverse group of individuals with one thing in common: they love to teach.

Facilities and Research

Centrifuges, spectrophotometers, and ergometers... satellite downlinks, GIS and a Varian electromagnet. If you don't know what all of these terms mean now, you will when you come to Centenary. These are just a few examples of equipment our students use every day in their courses. World-class theatre and music facilities, a film and video production studio, over 300 personal computers stations, and a nationally accredited art museum are some of the facilities to which students have daily access.

Students/faculty collaborations are commonplace at Centenary. This is the reason so many of our students present papers at national conferences, win prestigious awards and go on to the best graduate and professional programs. In the past five years, Centenary has produced three Goldwater Scholarship recipients, the premier undergraduate award in the fields of science, mathematics and engineering. Centenary boasts about its award-winning publication, *Le Tintamarre*, the only French language newspaper in the country completely created by students. In 1996 Centenary received a prestigious Howard Hughes grant which will enable

us to purchase additional state-of-the-art equipment and offer our students the chance to work with those tools. The

In 1996 Centenary received a prestigious Howard Hughes grant which will enable

us to purchase additional state-of-the-art equipment and offer our students the chance to work with those tools. The

grant will also help us develop new cooperative learning programs to enhance the study of science. Our biophysics department recently received a grant to develop a novel way to pinpoint oxygen deficiency inside the body which will help treat strokes and other circulatory diseases. Whatever your goal, Centenary's first-rate facilities will support your endeavors.

Creative Experiences

At the heart of our liberal arts curriculum is the concept of openness to new ideas. At Centenary we embrace this philosophy and pride ourselves in our careful consideration and implementation of new programs. While never abandoning our basic precepts, we remain on the cutting edge of curriculum enhancements. All students participate in **The Centenary Plan**—a three-pronged strategy to ensure their complete preparation for life beyond graduation.

Career Exploration enables students to participate in a systematic and planned inquiry into career opportunities through self-assessment, awareness and developing a personal profile of accomplishments. Through the *Intercultural Experience* students gain the global perspective necessary for them to be successful in today's multicultural world by living in a culture within the US or abroad. Participating in *Community Service* allows a student to better understand citizenship

Amanda Ellis '98

.....

in our society by contributing to it. As Centenary helps you acquire and develop new skills, we ask you to share them by helping others in the community. Whatever you do and wherever you do it, the rewards are priceless!

In addition to the Centenary Plan experience, all students participate in one May Module. The "module" as students refer to it, is a one-month intensive study of a particular field of interest to them. This is a great opportunity for students to do more in-depth discovery in a topic related to their major or to select a program that is outside of their academic field. Students can choose from a variety of options such as hiking the Grand Canyon, exploring Costa Rica, volunteering at the Special Olympics or working within the Shreveport community. Students find the module to be wonderful opportunity for skill development and self-discovery.

.....

Student Life

Centenary students reach their potential by participating in both academic and social events. The campus community is incredibly active and multi-faceted, with an array of activities from which to choose. Students have an opportunity to make a real difference in the quality of life here through participation

in clubs, organizations and activities. Many of our students are active in the student government and student medias, others participate in our Greek system, while still others get involved in groups focused on environmental, political and social change. The campus plays host to distinguished speakers, musical ensembles

Eddie Wicker '97

New Orleans, LA

Centenary is not a place where students are anonymous. They are actively involved in both academic and social organizations which help make the campus a better place. This is the only school that I know of where students can actually start their own club or group and get active participation in a matter of weeks.

B

Because we're the smallest Division I school in the nation, Centenary students get an opportunity that is unimaginable at most other small liberal arts colleges —the opportunity to participate in NCAA Division I intercollegiate athletics. The best teams and biggest names visit our facilities to compete with our teams. Some students even participate in more than one sport. Approximately 20% of students at Centenary are multi-sport athletes.

Our athletic facilities include six lighted tennis courts, NCAA regulation softball, baseball and soccer fields, a sports dome, gymnasium, intramural fields and weight training room. No matter what your athletic interest or ability, there's a place for everyone to workout and play. Whether you want to pursue intercollegiate competition or you are happier with the informality of intramural play, there is a place for you at Centenary

individual and being part of a community where students get the chance to learn both inside and outside of the classroom.

And our commitment to you doesn't end on your graduation from Centenary. As part of the Centenary family, many alumni contact the Career Center many years after graduation. We serve as a source of information and support to those seeking a career change, graduate school information or new job opportunities. We ensure that our students, both current and former, attain success in whatever professional paths they choose.

Consider Centenary College:

The Jewel of the South

REQUIREMENTS FOR ADMISSION

We seek to admit those with intellectual curiosity and a desire to experience new situations and ideas. Your test scores and grades are an important part of the evaluation process, but we also consider other factors—involvement in activities, athletics, work and community service—in addition to carefully reviewing your essay and recommendation. We are looking for students who will both thrive in and contribute to the kind of dynamic community Centenary College offers.

Campus Visits

Centenary College strongly recommends that interested students travel

to campus for an interview and visit. This achieves two important goals: it allows you and your family to take a closer look at Centenary, while allowing us to learn

In order to be considered by the Admissions Committee for acceptance to Centenary College, we require the following:

- Completed Application Form
- \$30 Application Fee
- Official transcripts from high school(s) and college(s) attended
- ACT or SAT scores
- Personal Essay
- Letter of recommendation from a counselor

We are looking for candidates with broad academic preparation. Your secondary school transcript should include at least 15 college preparatory units in the following areas:

- Four years of English
- Three years each of social studies, mathematics, and science
- Two years of a foreign language

more about you. Our personalized approach to the admissions process is something we're proud of, and we appreciate every opportunity we have to learn more about you as an individual.

Because we realize that not everyone can arrange a visit to campus, we have an Alumni Interview Program which provides you with an opportunity to interview across the country.

The Office of Admissions is open for visits Monday through Saturday during the school year and Monday through Friday during the summer. We would be happy to schedule an interview, campus tour, financial aid appointment and meetings with professors.

To schedule an appointment, please call us at 1-800-234-4448 or

Early Decision

If, after exploring all your options, you decide that Centenary is your first choice, then we encourage you to apply to our Early Decision program. If you submit your application by January 1st for early consideration, the Admissions Committee will evaluate your application and notify you within three weeks. The deadline for admission candidates is January 1st. Notification of acceptance.

January 1

Deadline for filing Early Decision applications

February 15

Recommended date for submission of FAFSA

March 1

Deadline for filing Regular Decision applications

March 15

Notification of actions taken on Regular Decision candidates

May 1

Accepted students must confirm their intention to enroll

To schedule an appointment, please call us at 1-800-234-4448 or

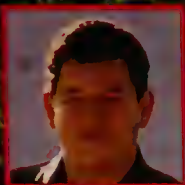

Paige Emery

Dallas, Texas

When I was looking at my college options, Centenary appealed to me more than any of the other schools I was thinking about attending. When I came to visit the campus, I really felt welcome here. Not only does Centenary have an excellent academic program, but the professors are great and there are dozens of activities to participate in. I knew that Centenary was the place for me.

Peterson's Guide

Brandon Young '96

*Johns Hopkins Fellowship
in Bio-Organic Chemistry*

Doing research with professors who graduated from the top schools—Harvard, Yale, Cornell, Johns Hopkins, Tulane—helped me excel academically and allowed me to get into one of the best graduate programs in the country. Without a doubt, our faculty are superior scholars who prepare us to be the leaders of tomorrow.

OVER 80% OF OUR STUDENTS ARE ACCEPTED INTO MEDICAL AND DENTAL SCHOOL, 90% INTO LAW SCHOOL, AND 98% HAVE SECURED EMPLOYMENT WITHIN ONE MONTH OF GRADUATING.

Consider Centenary College: *The Jewel of the South*

REQUIREMENTS FOR ADMISSION

We seek to admit those with intellectual curiosity and a desire to experience new situations and ideas. Your test scores and grades are an important part of the evaluation process, but we also consider other factors—involvement in activities, athletics, work and community service—in addition to carefully reviewing your essay and recommendation. We are looking for students who will both thrive in and contribute to the kind of dynamic community Centenary College offers.

Campus Visits

Centenary College strongly recommends that interested students travel

to campus for an interview and visit. This achieves two important goals: it allows you and your family to take a closer look at Centenary, while allowing us to learn

In order to be considered by the Admissions Committee for acceptance to Centenary College, we require the following:

- Completed Application Form
- \$30 Application Fee
- Official transcripts from high school(s) and college(s) attended
- ACT or SAT scores
- Personal Essay
- Letter of recommendation from a counselor

We are looking for candidates with broad academic preparation. Your secondary school transcript should include at least 15 college preparatory units in the following areas:

- Four years of English
- Three years each of social studies, mathematics, and science
- Two years of a foreign language

Early Decision

If, after exploring your college options, you decide that Centenary College is your first choice, then we encourage you to consider our Early Decision program. Under this program, you submit your application anytime before January 1st for early review. The Admissions Committee will evaluate your completed application and notify you of our decision within three weeks. The deposit deadline for early admission candidates is four weeks after notification of acceptance.

Financial Aid

Making Education Affordable

Unlike many schools, Centenary College works to make all four years of your education affordable. As one of *US News and World Report* and *Money Magazine's* "Best Values," Centenary is committed to helping our students and their families by offering competitive financial aid packages. In fact, beginning in the 1996-97 academic year, Centenary offered its students a tuition freeze program—guaranteeing that your tuition will never increase during your four years at Centenary. Each year we award over \$5.5 million in financial aid to our students. If you think Centenary College would be a good choice for you, we encourage you to apply.

Costs for the 1997-98 academic year:

Tuition:	\$11,050
Fees:	\$450
Room and Board:	\$3,900

The Process

Early Decision candidates should send a copy of the Centenary College Early Version Financial Aid Application to Centenary's Office of Financial Aid as part of your completed application for admission.

Regular Decision applicants should submit the FAFSA by February 15th. The Financial Aid Office will prepare a financial aid award package for you which will be included with your acceptance letter. This award will contain a combination of one or more of the following components:

- institutional grants
- federal and state grant programs
- federal and state loan programs
- work-study

Centenary looks exactly like the "picture perfect" college campus: beautiful old buildings, trees and flowers everywhere, students playing sports out on the lawn. I think everyone should come to visit the campus and meet the people here to see for themselves what a great environment it is...

Financial Aid

continued...

Special Scholarships

Merit Awards

For those applicants who demonstrate exemplary levels of academic achievement, Centenary offers Presidential and Dean Scholarships. These financial awards are granted on the basis of merit and range from \$3000 to full tuition costs.

Other Awards

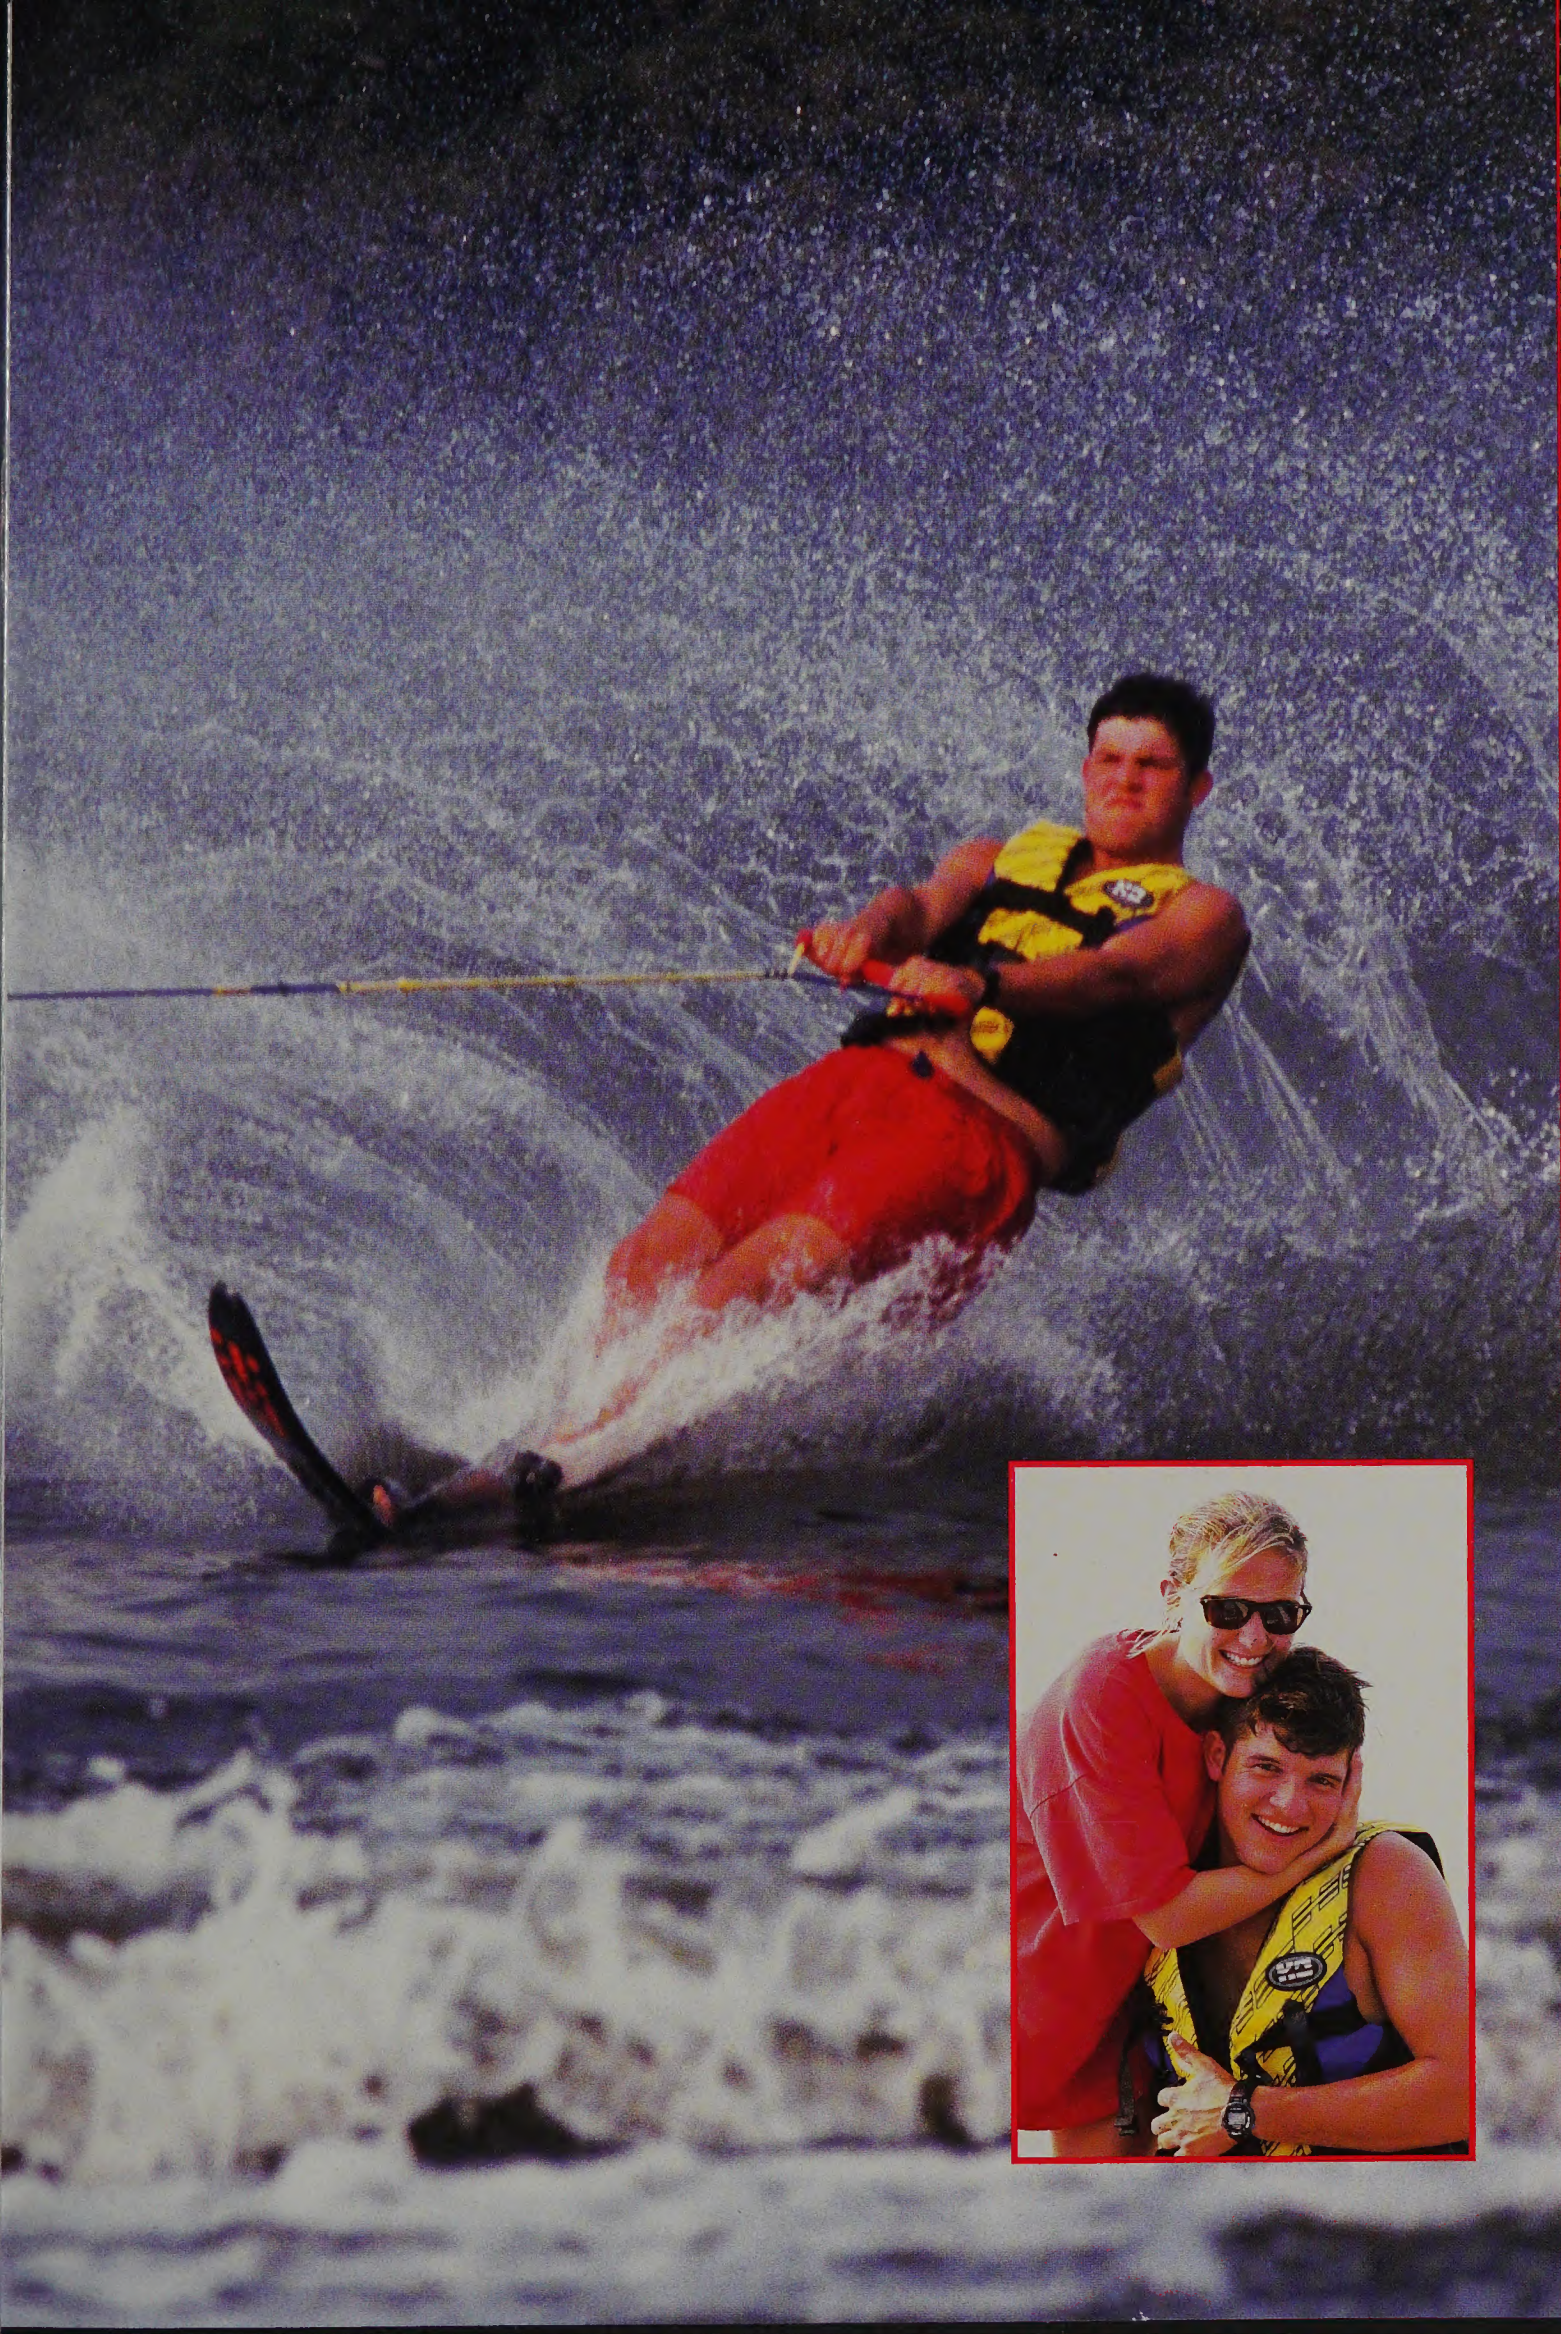

Centenary College also offers scholarship monies for those students demonstrating

superior abilities in the following areas: Athletics, Choir, Church Careers and Music.

Payment Plans

We understand that the cost of financing an education can be challenging for many families. In an effort to help you plan and budget for educational expenses, we offer several payment options including our 10-pay plan, the semester payment plan, plus VISA and Mastercard payment options.
